The numbers represent the number of swimmers that should be available from each club for timekeeping in that lane.

The top clubs in the list will be in charge of their respective lanes.

Allowing for an average number of no-shows, and not including the listed technical officials, each competitor should timekeep for an average of:

**27 minutes on Saturday & 30 minutes on Sunday**

## *Integration of MultiClass competition to Masters Swimming NSW Championship meets*

---

Masters Swimming is all about promoting a fit and healthy lifestyle in a fun and supportive way.

Traditionally, no allowance has been made for swimmers with a disability, other than the “MD” system which allows some relaxation of the rules, under certain circumstances, for those who submit to MSA a certificate signed by a doctor.

Swimmers with a disability have always been welcomed & included in our competitions, and all swimmers, regardless of gender, age or disability, will continue to be seeded in all events according to their nominated entry time, but the decision by Masters Swimming Australia to encourage, and Masters Swimming NSW to accept the challenge to integrate MultiClass competition into Masters events, adds another layer of complexity.

Specifically, the integration of MultiClass competition with able-bodied Masters competition requires a change to how the overall competition results will be calculated.

Whereas the existing Masters results system takes into account a swimmers age, it makes no allowance for a disability, and the existing MultiClass results system takes into account a swimmers disability, but makes no allowance for a swimmer’s age.

The method chosen to integrate the requirements of both systems, now on trial for individual events at the MSNSW Long Course & Short Course Championship meets in 2019, evaluates each swim and allocates points through a comparison of their swim time against the current World record using the FINA points formula.

- for able-bodied swimmers, the points for each swim will be based on the FINA Masters world record for their age group.
- for swimmers who choose to nominate an approved MultiClass classification for the meet, the points for each swim will be based on the FINA MultiClass world record for their approved classification, but adjusted by a conversion factor relevant to their age group.

Swimmer’s placings in each event for the MSNSW Long Course & Short Course Championships will now be ranked according to the above points calculation, rather than strictly on the time swum.

This means that while the relative placing amongst able-bodied swimmers within each age group will not change, MultiClass swimmers may be rewarded for a good swim in their classification by being advanced in the age group placings.

More detail on the formula used, relevant records, classification & conversion factors can be viewed on the MSNSW website at:
