Note:

The numbers represent the number of swimmers that should be available from each club for timekeeping in that lane.

The top clubs in the list will be in charge of their respective lanes.

Allowing for an average number of no-shows, and not including the listed technical officials, each competitor should timekeep for an average of:

23 minutes per day

Special Notes

1. **MSNSW no longer marshals at meets**

One area of concern was sitting in a marshalling area waiting to swim- so we have stopped marshalling and rely completely on check starting. The process now is:

- All our meets are heat seeded and we encourage all swimmers to download their own program, so you will know your event, heat and lane
- We have a small marshalling board which announces the heat being called
- We hope all swimmers are paying attention to the heat being called as very often the microphone does not work well
- We have marshalling paddles so you know which check starter is in charge of your heat
- You will follow that check starter to the blocks and you will be checked again
- As we are adults, it is your responsibility to be behind the blocks at the time of your race - it is impossible to reseed races because a swimmer is not behind the blocks
- The timekeeper will check your name before you swim

Our check starters are very patient and often go looking for swimmers (but don't always have the time), so if you are not going to swim your race or are leaving the pool early, let them know.

2. **No printed programmes will be provided**

All competitors and officials are advised to print a copy of this programme for themselves.

3. **Event results will not be posted at the meet**

An 'app' has been developed for all to view programme information and results in real time on your mobile phone or tablet.

Scan this QR code with your phone or tablet:

4. **Relay entries**

Relay team details must be submitted by 'authorised' club officials via the MSA Live Results app, and event seedings will be available under the 'Programme' tab of the app approximately one hour before the scheduled start time of the first relay each day.
