Swimmers should note that for this type of meet, the above estimated times are a guestimate only.

For seeding purposes, where a competitor has a NT entry from Swim Central, and the opportunity offered to add a time through the Live Results app has not been taken, a default time has been entered, calculated from a comparison of the competitor's times for other events and average times for the age group from the MSA Results Portal in 2024. This assists us with the timely running of the meet and ensures, as far as practicable, that you swim with others of similar ability.

Estimated start times are based on 1 swimmer per lane, with no staggered starts, and heats of some events may be combined.

All events will be deck-seeded, generally **fastest to slowest**.

All swimmers should arrive in plenty of time for their events, or they may miss out.

Masters Swimming NSW  
'Sunsmart' Policy and 'No Smoking' policy  
will apply at this meet.

## Timekeeping Roster

As part of the Masters Swimming culture, all competitors are expected to do their share of timekeeping. If you want to be timed, you should return the favour by timing for others. Often this is forgotten, leaving others to do more than their fair share, and delaying the meet while timekeepers are sought - the length of the day will depend greatly on timekeeping.

For this meet, each competitor should allocate an average of **55 minutes** to timekeep for your fellow members - if you have to timekeep more than that, it means someone has not done their share.

Please help us by making yourself available to timekeep either before or after your swim. It is always more fun getting to know your fellow competitors than sitting in the stands by yourself.

Participating clubs are requested to draw up an individual timekeeping roster of their members to assist in this process.
