29/03/2025-30/03/2025

SOPAC

### Note:

- Entry details and results will be available on the Live Results 'app'.
- NO printed programmes will be provided at the meet - all competitors are advised to print a copy of this programme for themselves.
- NO printed results will be posted at the meet
- All events are heat seeded and we encourage all swimmers to consult the LiveResults app, or download their own program, so you will know your event, heat and lane  
It is your responsibility to be behind the blocks at the time of your race – events will not be reseeded because a swimmer is not behind the blocks.
- Relay entries are to be submitted through the Live Results app by a nominated club official – entries close on the day, 1hr before the scheduled start time of the first relay event of the day.
- Subject to protest periods, medals will generally be available approx. 30 minutes after the posting of results for each event - the medals table will close 30 minutes after the completion of the final event each day.

### The MSNSW Live Results app has been updated!

The old app is now unavailable,  
so please scan this QR code:

Or click through to the new app at:  
<https://msnsw-live-results.glide.page>.

You will be required to login again with your email address,  
and once downloaded, don't forget to save it to your device

## Timekeeping Roster

As part of the Masters Swimming culture, all competitors are expected to do their share of timekeeping. If you want to be timed, you should return the favour by timing for others. Often this is forgotten, leaving others to do more than their fair share, and delaying the meet while timekeepers are sought.

For this meet, each competitor should allocate an average of **32 minutes** to timekeep for your fellow members.

All participating clubs are requested to draw up an individual timekeeping roster of their members.

### **NEW** How can I edit my entry time

The Swim Central entry system does not allow the user to submit nominated times, instead automatically entering the fastest time that you have recorded for each event, over the last year or two. If you have not recorded a time for a particular event, you will be allocated NT (No Time) and traditionally seeded in the slowest heat.

A system has been developed to allow entrants to edit the seed times allocated by Swim Central. This can be done only through the [MSNSW Live Results app](#) and is available from shortly after close of entries until 6am on the following Monday.

If you have an event with NT from Swim Central and you do not edit and submit a nominated time through the app, an estimated time will now be calculated for you - the idea being that the calculated time is better than nothing to assist with timing of the meet, as well as having swimmers of similar ability swimming together.

This time is calculated by looking at all times in the MSA Results Portal for 2024.

- Any new member with no times in the Results Portal will be allocated a time equal to the average of all times of swimmers in the same gender/age group/distance/stroke.
- Any member with times for some events, but not the particular event entered, will be allocated a time equal to the average of all times of swimmers in the same gender/age group/distance/stroke **but amended by a factor** to take into account the difference between the particular swimmer's average time for other events and the overall average of times for all swimmers in the same gender/age group.
